We take great pride and honor in bringing such an influential speaker to our community

Dr. Martin Brokenleg is a national and internationally renowned Lakota Sioux family-care expert and co-author of "Reclaiming Youth at Risk: Our Hope for the Future". His background includes a doctorate in psychology, 30 years as Professor of Native American Studies at Augustana college of Sioux Falls, and consulting and leading training programs throughout North America, New Zealand and South Africa.

His common sense approach to dealing with individuals, conflict resolution and cross-cultural interactions will give you practical tools to bring back and use in your home, school, work place and community!

YES! I'm interested!
