

Virtual Community of Support for Early Learning February 2013

Virtual Early Learning Program

The Virtual Early Learning Program is a free program offered to families with children aged 0-5 years who are living in a rural/isolated community. Weekly group sessions will be held on-line with children and a Early Childhood Educator to focus on key areas of learning such as numeracy and literacy. As well, parents will have an opportunity to network with other parents on-line to support early learning. We will also offer a story time on-line once every other week where children can attend, listen and interact with the reader.

Mon	Tue	Wed	Thu	Fri
				1
4	5	6 Activity/ Games day 9 am	7 Monthly Activities Podcast	8
11	12	13 Literacy Session 9 am	14	15
18	19	20 Story Time 9 am	21	22
